- **Support the youth's participation in up to two competitions with a funding maximum based on the geographical location of the competition.**

If the competition is within the Coast Salish Territory/British Columbia the individual is eligible for up to \$150.00. Competitions outside of this area are considered national or international and will be reviewed on a per application basis. If an application is considered to be a national or international competition, the applicant must provide proof of commitment to the specific activity.
