Responsibilities:

- Provide general health information based on a holistic approach on health and health care as appropriate and within scope of knowledge
- Provide up-to-date information and resources to promote healthy lifestyles through education, immunization, and health clinics
- Liaise with programs to ensure clients have appropriate health information about upcoming events and resources
- Conduct home visits to advise clients of available resources when appropriate
- Conduct home visits to collect, analyze, prepare monthly/annual reports on water samples
- Plan, conduct, and facilitate meetings, workshops, and training sessions to promote health and wellness on a variety of health related topics
- Support community members accessing health information when requiring intervention or further connection to the Senior Community Health Representative and /or Community Health Nurse
- Participate in a variety of internal and external committees and working groups
- Advocate for cultural safety of all clients while receiving health services
- Supervise daily tuberculosis medications in their proper dosage to clients as needed
- Other duties as required

Required Education and Experience: *(please attach all corresponding documents)*

- Grade 12 Graduation with Community Health Representative Certification or a related field
- 1-year community health experience
- Certification in First Aid / CPR-C / Food Safe / W.H.M.I.S required; A.S.S.I.S.T would be considered an asset
- TB-101 Certification an asset
- BC Driver's License and reliable vehicle
- Criminal Record Check (C.R.C)

Required Skills, Knowledge and Abilities:

- Knowledge of Cowichan culture, customs, and traditions
- Knowledge of health issues that face First Nations peoples
- Knowledge of internal and external community resources
- Knowledge of health promotion techniques
- Well-developed written, oral and interpersonal skills
- Organizational skills
- Able to foster and build relationships within our First Nation's community
- Time management and ability to multitask different tasks simultaneously
- Comply with the legal obligations while upholding the professional, ethical and organizational standards to ensure privacy, security and confidentiality in the delivery of care
