

The Mustimuhw Citizen Health Portal is **now available** to provide you with direct access to your health record and your healthcare team.

Health information is a key to wellness:

- Know your information
- Access wherever you are
- Assist with managing it
- Contribute to your health record
- Share your information securely
- Two-way messaging with your healthcare team

Information management helps heal too

Citizens – Register Now!

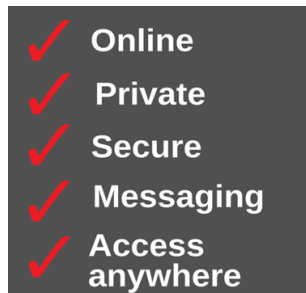

The Mustimuhw Citizen Health Portal is a new initiative.

Currently, it is available to citizens who receive healthcare services from Ts'ewulhtun Health Centre and and other Cowichan Community family physicians.

Frequently Asked Questions

What is a citizen health portal?

A web-based tool that contains your health information; accessed by you and your healthcare team; and provides secure two-way messaging.

Is the Mustimuhw Citizen Health Portal secure?

Yes, you set up a private user ID and password.

Who can access my personal healthcare information?

Only you and your healthcare team can access your information. You have the option to give another individual access.

How much does it cost?

There is no cost to the citizen.

Mustimuhw Citizen Health Portal

Bringing you and your healthcare team closer together

This initiative is made possible by investments from
Cowichan Tribes
Mustimuhw Information Solutions
and
Canada Health Infoway

Mustimuhw
Citizen Health Portal

Isn't it time you have the same access to your medical records as your healthcare team?

Cowichan Tribes is leading the way by establishing the Mustimuhw Citizen Health Portal Project
